T. William Cleveland Meritorious Service Award

T. William Cleveland, Jr. retired in 1978 at the Licensed Wastewater Treatment Plant Operator for the Township of Livingston after 38 years of devoted service to the municipality. In addition to his professional service, he served 58 years with the Livingston Volunteer Fire Department. He served as President of the North Jersey Section of the New Jersey Environment Association, known then as the New Jersey Water Pollution Control Association, from 1984 to 1986. He also served the NJWEA as a dedicated member of the Annual Conference Committee. “Bill” as he was known to his friends, was a fixture at the Annual Conference and Section meetings. He would always be found attending to others in the Conference Hospitality Room or at the Annual Section Picnic. In 1974, the Section created a new recognition award to distinguish an individual member’s *extraordinary service* to the Section. Our dear colleague T. William Cleveland JR. was the first recipient of what was to become the most prestigious Section Award. Following his receipt of the award, the Section Executive Committee announced the henceforth the North Jersey Section Award for extraordinary service to the Section shall be known as the *T. William Cleveland, Jr. Meritorious Service Award*. Among his many other recognitions, Bill was a Life Member of the NJWEA, a Selected Society of Sanitary Sludge Shovelers (S-5) member, and recipient of the Water Environment Federation’s Arthur Sidney Bedell and NJWEA’s Harry P. Croft Service Awards.

T. William Cleveland Meritorious Service Award

Previous Recipients

2025- Humbertt Mortola	2008- Mark Meneghin	1989- Gregory F. Burde
2024 – Lisa Oberreiter	2007- John Corkery	1988- Daniel J. Bigler
2023- Dan Carey	2006- Jack Kennedy	1987- Donald Eelman
2022- James Wancho	2005- Robert Fischer	1986- Robert Grodeska
2021- Chirstopher Pabst	2004- Robert Davenport	1985- Father Boniface Cronin
2020- Chuck Theodora	2003- Richard Taylor	1984- Bruce D. Smith
2019- Samuel T. McGhee	2002- Ralph LaMendola	1983- Robert S. Chew
2018- Francis J. Bonaccorso	2001- David N. Baker	1982- Michael J. Lyons
2017- Frank Pestana	1999- Kenneth Hrasdzira	1981- Joshua J. Krechel
2016- Mario Bonaccorso	1998- Richard Jenkins	1980- John Peraldo
2015- Robert J. De Block	1997- Daniel Cardellichio	1979- George Moussab
2014- Terrence McHugh	1996- Joseph Bonaccorso	1978- Anthony P. Loria
2013- Ramon Vara	1995- James De Block	1977- Daniel E. Bigler
2012- Vicky De Block	1994- Bob Ryan	1976- Frank X. Coppola
2011- Robert Cornetto	1992- Barry Johnston	1975- John J. Lagrosa
2010- John McNamara	1991- George Baer, Jr.	
2009- Brian Bigler	1990- Stephen Dowhan	

1974- T. William Cleveland, Jr.

**This award is therefore given to a person who has provided extraordinary service to the Section.
The Nominee is selected by previous recipients and unaware that they will be so honored.**

Robert Fischer, Eva Bendlin, and Stephen D’Achino 2026 Legacy Scholarship Awards

Brady Cooper

Brady Cooper is a Chemical Engineering student at the University of Delaware with a strong interest in wastewater management and environmental sustainability. He is passionate about applying engineering principles to improve water treatment systems and protect natural resources, and he hopes to build a career developing practical solutions to modern environmental challenges.

Piotr Czajka

My name is Piotr Czajka. I am a senior at PCTI and currently studying computer science. I am athletic and have been playing on the piano for 13 years. I have performed at Lincoln Center in NYC. In the future, I plan to continue studying computer science and work in the cybersecurity field.

Robert Fischer, Eva Bendlin, and Stephen D’Achino 2026 Legacy Scholarship Awards

Gabriella Komorek

I currently attend St. Thomas Aquinas High School in Edison, NJ and intend to pursue a biology major in college with a minor in environmental science. I have contributed to environmental conservation through town cleanups, recycling, and reusing. I am especially proud of my annual book drives that I conduct in my community to help repurpose unwanted books, which I plan to continue during college. Personal experience with environmental toxins in my neighborhood made me more aware of how contamination affects us, which sparked an interest in studying human health, as well. In college, I hope to become involved in raising awareness about environmental toxins that affect human health through research, club involvement, and college newspaper publications.

Ryley McCoy

Ryley McCoy is a senior at Stroudsburg High School pursuing a degree in Environmental Science. He has worked at the same job for 3 years, has volunteered at a pet food give-a-way for owners who couldn't afford to feed their pets.

David N. Baker Memorial

Service Scholarship

“It is the intent of the membership of the NJWEA North Jersey Section that the David N. Baker Memorial Service Scholarship be awarded to a deserving applicant who, by their sustained actions, has demonstrated a sincere and significant commitment to the service of our nation and to civic and community volunteerism, in much that same spirit as Dave Baker who faithfully served our country, community and organization throughout his life”.

David N. Baker was attending the Newark College of Engineering (now known as New Jersey Institute of Technology) when he answered the call to serve our country and he served with distinction. As a United States Army Staff Sergeant during the Vietnam War Dave was awarded the Silver Star for “Gallantry in Action”. During Staff Sergeant Baker’s 13 months “in country” he also received 3 Purple Hearts because of injuries sustained in combat, one of which were duty to wounds he sustained when he and a fellow soldier were the target of a Vietnamese mortar round. Dave was also awarded the Bronze Star for “Bravery Under Fire.”

Staff Sergeant Baker’s Silver Star was earned during a firefight that when his unit was taking on fire he felt compelled to assist the medic who was dragging wounded soldiers back under cover. When his Unit’s machine gunner was wounded Staff Sergeant Baker ran to the machine gun position and manned the weapon, providing cover fire to allow the additional wounded to be dragged to safety.

Following his tour in Vietnam, Staff Sargent Baker served on a burial detail choosing to honor the fallen in that capacity for the remainder of his commitment to the United States Army. In civilian life he retired as Director of Public Works for the Village of Ridgewood, NJ in 2005 having worked for the village for 38 years. He was a NJ Certified Public Works Manager, a member and Past Regional President of the NJ Public Works Association and Past President of the North Jersey Section of the New Jersey Water Environment Association. He also served on the NJWEA Executive Committee and was the recipient of numerous professional awards.

David N. Baker Memorial Scholarship

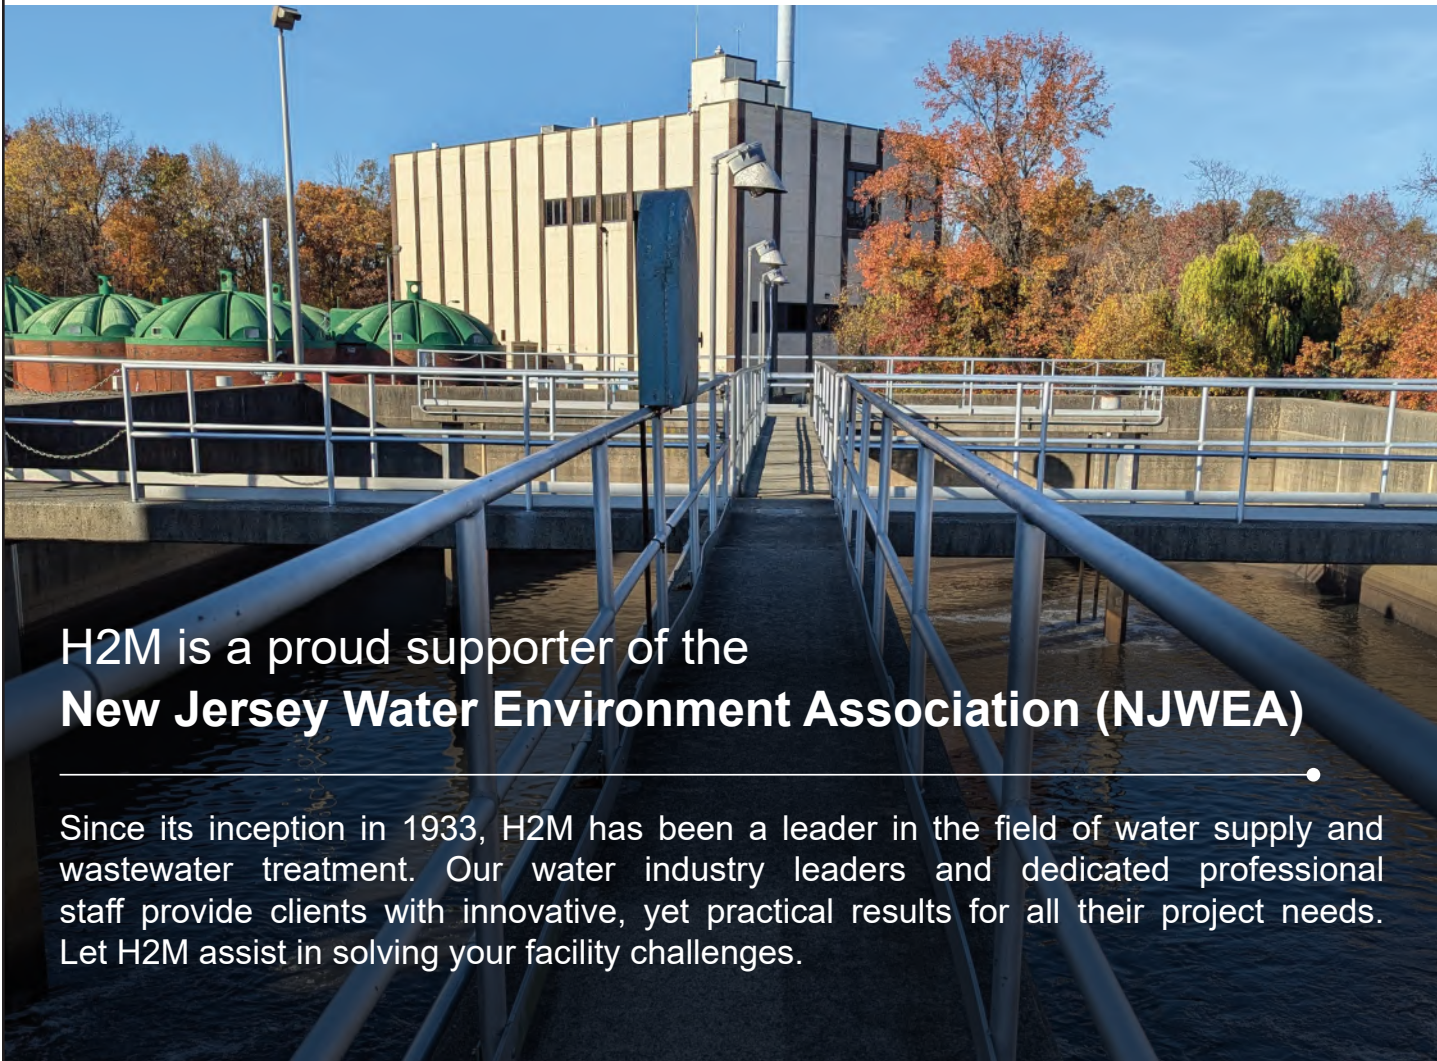

"It is the intent of the membership that the David N. Baker Scholarship be awarded to a deserving applicant who, by their sustained actions, has demonstrated a sincere and significant commitment to the service of our nation and to civic and community volunteerism, in much the same spirit as Dave Baker who faithfully served our country, community and organization throughout his life."

Low Pressure Sewer Systems

The progressing cavity drop-in replacement units are available in 230 V (1 or 2 HP) and 208 V (2 HP only). The replacement units are designed to be compatible with other progressing cavity systems, using a round or rectangular EGD plug, and a gooseneck or flex hose discharge configuration. Using Zoeller's quality standards and an innovative design will make for an easy replacement in existing systems with a reliable product.

Realize More[®]

Hazen and Sawyer has a talented and dedicated team of drinking water, wastewater, and stormwater engineers. We can develop practical and cost-effective solutions using a holistic, collaborative, and sustainable approach for evaluation/design of treatment plant processes, energy management, pumping stations, outfall and operational support, including digital/AI solutions.

If you're trusted to protect the environment or public health in New Jersey, **we can help.**

Hazen

Good Enough Isn't Good Enough

Just because something works
doesn't mean it can't be improved.

The historical industry standard for sodium hypochlorite (bleach) was 15% by volume or 12.5% by weight. However, Kuehne Company redefined industry standards when it introduced Concentrated Bleach.

Since the inception of Concentrated Bleach, early adopters have been enjoying its benefits from their first order and continue to reap the rewards – including **fewer deliveries**, **reduced costs**, and its **inherent safety**, as well as its **eco-friendly** nature.

At the Fiesta

An atmosphere of elegance and professional care with emphasis on personalized service, quality, and freshness sets the tone for the evening. Valet service, illuminated water fountains, and freshly cut strawberries in a fine champagne are just the start of an unforgettable affair.

Your Maitre'D will coordinate your affair with unparalleled attention to every detail. Personalized packages with choice of linen color, candle lit centerpieces, and chair covers are offered on all parties. Continuous waiter service adds to everyone's enjoyment. Premium liquors, elaborate cocktails and quality wines await you and your guests at your private bar. From start to finish Fiesta guarantees that you and your guests will enjoy every aspect of your affair. Fiesta has the experience and answers, all at affordable prices.

Known for fabulous food, impeccable service, and beautiful décor, Fiesta has long been the choice of future brides for over sixty years.

The owners, management and staff of Fiesta are grateful for the loyal patronage and support that has allowed us to serve the needs of our community for so many decades and we are committed to giving back in return. We are proud to support Table to Table - a community-based food rescue program that collects excess prepared and perishable food that would otherwise be discarded from caterers, restaurants, and other commercial kitchens. That food is delivered to organizations that serve the hungry in Bergen, Hudson, Essex and Passaic counties. It is our pleasure to help Table to Table accomplish its mission of redistributing fresh, nutritious food to those who need it most. For more information, please visit: www.tabletotable.org.
