MEMBERSHIP BENEFITS

- Member of the Water Environment Federation.
- The Water Environment Federation offers a vast resource of technical publications, at a reduced rate, for members including: Standard Methods, Manuals of Practice, Highlights, Operations Forum, Washington Bulletin and the Laboratory Bench Sheet, among others.
- Formed in 1915. Join the United States' oldest water quality professional organization.
- The administrator of TCH's (training contact hours) for continuation of professional licenses.
- Coordination of Training Programs at facilities throughout New Jersey.
- Receive both NJWEA publications "Effluents" and "Scan". Highlights include current events, trends, practices, proposals and legislative actions in the water quality and hazardous waste management in New Jersey.
- Receive contact hours for CPWM (Certified Public Works Managers).
- Annual Conference in the Spring. Four days of exhibits, displays and technical sessions including hazardous waste management, laboratory, operators, municipal managers and administrators. The conference is devoted to the study, promotion, encouragement of water quality control, conservation of our water resources, and exchange of information and experience among its members.
- Technology Transfer Seminars held in the Fall and Spring.
- Utilize the resources of the NJWEA library collection including reference material, past NJWEA's proceedings, historical documents and training videos.
- Job opportunities networks
- State PWO Operations Challenge competition, prizes and awards.
- Reduced registration fees as a NJWEA member.
- North, Central and South Sections afford networking opportunities, seminars and social events including golf outings.
- Scholarship opportunities and statewide recognition of outstanding achievement, honors and performance awards. Over \$49,000 awarded annually.
- Framed membership certificates are available, along with other NJWEA items.
- Professional development and career networking, attend one of many NJWEA seminars, join one of over thirty committees including:

NEW JERSEY WATER ENVIRONMENT ASSOCIATION

The New Jersey Water Environment Association is a professional not for profit educational organization.

Our goal is to serve our members as their primary source for continuing professional development and serving the public as their best scientific and technical environmental resource.

The Association is dedicated to the education and advancement of practical knowledge for people affiliated with the operation, maintenance, design, testing and management of wastewater facilities.

Areas of expertise and training include domestic, industrial and hazardous wastewater treatment, collection system operation and maintenance, beneficial reuse of water, recycling of biosolids and administration of human resources, assisting members to obtain DEP training contact hours (TCH's) and communicate regulatory updates to our members.

AFFILIATION

The International Water Environment Federation (WEF)

Membership is open to all persons interested in the objectives of the Association. In addition to the NJWEA, there are three active local sections (North, Central and South) that meet frequently during the year. Unless otherwise selected, you will be included in a section geographically located in your area. There will be an extra charge for an additional section memberships.
