

The Ocean County Utilities Authority

Helping to Preserve the Water Resources of Ocean and Southern Monmouth Counties in the State of New Jersey

Vacancy in Engineering and Construction Department

Electrical/Instrumentation Engineer

This is an Exempt Position

The Ocean County Utilities Authority, a public regional wastewater treatment facility, is accepting applications for the position of **Electrical/Instrumentation Engineer** until August 6, 2008.

Under the direction of the Engineering Manager, the Electrical/Instrumentation Engineer will be required to troubleshoot electrical/instrumentation problems and provide operating support at the wastewater treatment plants and pumping stations. Computer literacy and good oral and written communication skills are required. Applicants must have at least a bachelor's degree in Electrical Engineering with a minimum of six years of design experience in typical electrical engineering projects.

All qualified applicants should submit a current resume, cover letter or memo, and supporting documentation (copies of degrees, certifications, etc.), including all related electrical/instrumentation engineering knowledge, years of professional experience and salary requirements.

For immediate consideration please forward information (no phone calls) to scarlson@ocua.com or:
